The Knot enlisted **KENNEDY CREATIVE** for our eco-friendly party in Austin, where we celebrated wedding industry notables and showed off a few of this season's inspiring wedding ideas.

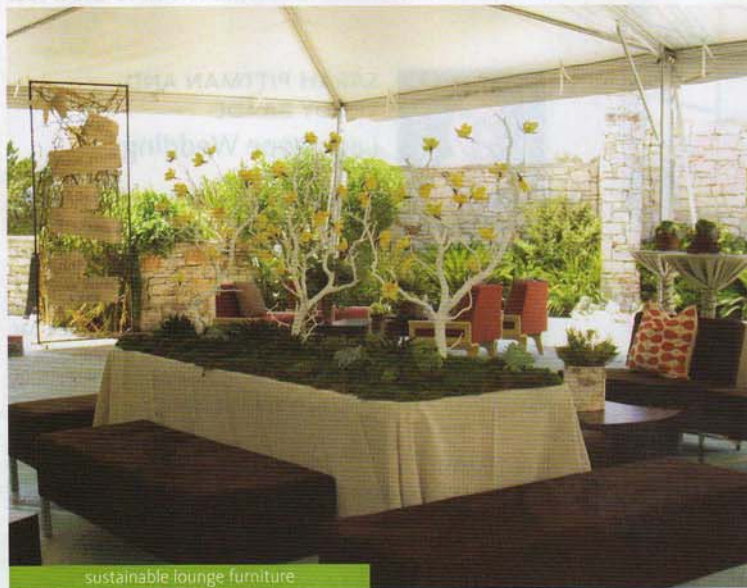

NATALIE KENNEDY
Kennedy Creative

"We created an eco-chic ambience by showcasing elements like sustainable lounge furniture, bamboo dining chairs, replantable succulents for floral décor, an organic truffle bar, as well as organic wine and local beer. The effect was unique and gave 'going green' the green light."
